

# Pap Smear and Breast Examination Clinic

## Announcement

NUST Health Services in conjunction with the Cancer Association of Namibia will conduct a clinic on Pap smear and Breast examinations.

### The objectives are:

- To make women aware that cervical cancer can only be detected by a Pap smear and if diagnosed early it can be cured
- To sensitize women who are sexually active, regardless of their age or marital status to undergo a Pap smear annually
- To inform women that through breast examinations lumps can be detected early and be treated
- Inform women that the test will reveal the type of infection present in the vagina

**Date:** Thursday, 11 April 2019

**Time:** 08:00 - 12:00

**Venue:** NUST Health Service

**Donation:** N\$ 50.00 for Students and N\$ 70.00 for Staff members.
